

C.A.R.T. WINTER TIME TRIAL SERIES

Presented by Red Lantern
Restaurant & Lounge

The Monza World Class Karting/ C.A.R.T. Winter Time Trial Series brought to you by Red Lantern Restaurant & Lounge is a 4-week series of karting events held with 1 event each month. Beginning in January 2019, the time trial series will be held on a Tuesday or Wednesday evening at Monza World Class Karting.

The series will be comprised of two different formats to be rotated between weeks. The first format will have participants competing for best average lap time using the best lap from each of the three separate heats. The best lap from each heat will be tallied and the driver with the lowest average lap time taken from their best three laps will be the winner of the event. Format number two will be based on sector times. The winning lap will be taken from the best sector from a specific heat. Heat one will feature sector 1 with heat two taking the best sector time from sector 2 and finally the last component will be sector 3 which will be obtained from heat three. The addition of each sector will make up the "ideal lap". The winner of the event will be the driver with the lowest overall lap time based on the best sector from their respective heat.

WHO CAN PARTICIPATE:

- C.A.R.T. Members
- Non-C.A.R.T. members/
general public
- MONZA membership
